

<b>2a. Scope of Practice (Ohio Public Safety)</b>	
Scope of Practice	Page 01 / 02
Airway Management	Page 03
Cardiac Management / Medical Management	Page 04
Pre-hospital ALS Assistance	Page 04
Trauma Management / Prep Basic Performances	Page 05
EMT-Intermediate Medications / EMS Board Note	Page 06
Transport with Pre-Existing Medical Devices/Drug	Page 07
<b>2b. Fire Department Operational Procedures</b>	
<b>3. System Operations</b>	
<b>4. Medical Command</b>	
<b>5a. ACLS Protocol</b>	
Chest Pain / AMI	Page 02
Suspected Acute Coronary Syndrome	Page 03
ST Segment Elevation MI / STEMI	Page 04
Ventricular Ectopy	Page 05
Bradycardia	Page 06
Asystole	Page 07
Transcutaneous Pacemaker	Page 08
Wide complex tachycardia	Page 09
Narrow Complex Tachycardia (stable/unstable)	Page 10
Synchronized Cardioversion Algorithm	Page 11
Pulseless Electrical Activity	Page 12
Ventricular Fibrillation	Page 13
Post Arrest / Cardiac Hypotension	Page 14
Portable Ventilation Procedure	Page 15
<b>5b. Automatic External Defibrillator</b>	AED-2 / AED-3
<b>5c. Field Termination Protocol</b>	Field Resuc-2
<b>5d. Guidelines for Patient refusal</b>	Patient Refusal 2 thru 7
<b>5e. Induced Hypothermia</b>	Page 16
<b>6. Altered Mental Status</b>	
Unresponsive Coma of Unknown Origin	Page 02
Hypoglycemia / Insulin Shock	Page 03
Hyperglycemia / Diabetic Ketoacidosis	Page 03
Syncope	Page 04
CVA Protocol / Cincinnati Stroke Scale	Page 05
Seizures	Page 06

<b>7. Vascular Support</b>	
Shock	Page 02
Non-Cardiogenic Shock	Page 02 / 03
Cardiogenic Shock / Drug Related Shock	Page 03
Uncontrolled Bleeding	Page 03
Hypovolemia	Page 04
Hypovolemia & IV Treatment	Page 05 / 06
Saline locks	Page 07
Adult Intraosseous infusion	Page 08
External Jugular Cannulation	Page 09
<b>8. DNR Comfort Care/Resuscitation Efforts</b>	
Identification	Page 02
Comfort Care vs Comfort Arrest	Page 02
Comfort Care Procedures / Documentation	Page 03
<b>9. Heat/Cold Illness</b>	
Heat Cramps / Heat Exhaustion	Page 02
Heat Stroke / Cold Illness / Frostbite	Page 03
Hypothermia	Page 04
<b>10. Infectious Diseases</b>	
Influenza / Pneumococcal Pneumonia	Page 02
Mumps / Measles	Page 03
Tetanus / Diphtheria	Page 04
Rubella / Poliomyelitis	Page 05
Hepatitis – B /Hepatitis – A / Hepatitis - C	Page 06
Tuberculosis	Page 06
Vancomycin resistant Enterococcus (VRE)	Page 07
C-Diff	Page 07
<b>11. Nausea Vomiting</b>	
Nausea vomiting protocol	Page 02
<b>12. Obstetrics</b>	
Introduction to Obstetrics	Page 02
Placenta Previa / Uterine Rupture	Page 03
Third Trimester Bleeding	Page 03
Antepartum / Postpartum Hemorrhage	Page 03
Uterine Inversion / Ectopic Pregnancy	Page 04
Ruptured Tubal Pregnancy	Page 04
Pre-eclampsia	Page 05
Natural Childbirth	Page 06
Cord Around Neck / Prolapsed Cord	Page 07
Breech Birth / Shoulder Dystoxia	Page 07

### 13. Pharmacology

Quick reference / Introduction	Page 02 / 03
Adenosine (Adenocard)	Page 04
Albuterol (Proventil, Ventolin)	Page 05
Amiodarone (Cordarone)	Page 06
Aspirin (ASA)	Page 07
Atropine Sulfate (Atropisol, Isopto Atropine)	Page 08
BiCarbonate (Sodium BiCarbonate)	Page 09
Calcium Chloride 10%	Page 10
Dextrose 50%	Page 11
Diazepam (Valium)	Page 12
Diphenhydramine (Benedryl)	Page 13
Dopamine (Intropine)	Page 14
Ipratropium/Albuterol (DuoNeb)	Page 15
Epinephrine (Adrenaline)	Page 16
Furosemide (Lasix)	Page 17
Glucagon	Page 18
Haloperidol (Haldol)	Page 19
Heparin	Page 20
Lidocaine (Xylocaine)	Page 21
Metoprolol (Lopressor)	Page 22
Magnesium Sulfate	Page 23
Methylprednisolone (Solumedrol)	Page 24
Morphine Sulfate (Morphine)	Page 25
Naloxone (Narcan)	Page 26
Nitroglycerin (Nitro Stat)	Page 27
Nitrous Oxide	Page 28
Odansetron (Zofran)	Page 29
r-PA (Retavase)	Page 30
Pontocaine Ophthalmic (Tetracaine)	Page 31
Thiamine / Vitamine B <sub>1</sub>	Page 32
Ketorolac (Toradol)	Page 33
t-PA (Activase)	Page 34
Vasopressin (Pitressin)	Page 35
Versed (Midazolam)	Page 36

#### Special use drugs

Ciprofloxacin (Cipro)	Page 37
Doxycycline (Vibramycin)	Page 38
Hydroxycobalamin (CyanoKit)	Page 39
Pralidoxime/Atropine/Diazepam (MARK I Kit)	Page 40
Fentanyl (Sublimaze)	Page 41
Plavix (Clopidogrel)	Page 42

#### **14. Poisonings**

Oral Poisonings (Non Acid and Alkalis)	Page 02
Methylalcohol Poisoning	Page 02
Acids and Alcohol poisoning	Page 03
Petroleum Product poisoning	Page 03
Organophosphate Poisoning	Page 03
Narcotic Overdose	Page 04
Barbiturate Overdose	Page 04
Amphetamine Overdose	Page 05
Envenomed Snakebite	Page 05
Spider Bites	Page 06
Beta Blocker Overdose	Page 06
Cyanide Protocol	Page 07 / 08
Smoke Inhalation	Page 09

#### **15. Respiratory Emergencies**

Pulmonary Edema/C-PAP	Page 02 / 03
CHF / Croup-Epiglottitis	Page 03
Pulmonary Embolism	Page 04
Tension Pneumothorax	Page 04
Hemothorax	Page 04
Flail Chest	Page 05
Simple Pneumothorax	Page 05
Open Pneumothorax	Page 05
Traumatic Asphyxia	Page 06
Acute Respiratory Insufficiency in COPD	Page 06
Near Drowning	Page 06
Acute Asthma /	Page 07
Acute Anaphylaxis / Mild Anaphylaxis	Page 08
Anaphylaxis Arrest / Respiratory Arrest	Page 09
Oxygen Therapy	Page 09

#### **16. Thrombolytic t-PA/r-Pa Protocol**

Activase (t-PA, Altaplast, Retavase)	
t-PA Algorithm and Questionnaire	Activase Page 02 / 0 3
t-PA Questionnaire	Activase Page 04
r-Pa Algorithm and Questionnaire	Retavase Page 02 / 03
r-Pa Questionnaire	Retavase Page 04

<b>17. Trauma</b>	
Introduction to Trauma	Page 02
Transport of Trauma patient	Page 03
Head Injuries / Mouth and jaw injuries	Page 03
Extremity trauma and fractures	Page 03
Amputated extremity/body part	Page 03
Sucking chest wound / open pneumothorax	Page 04
Tension Pneumothorax	Page 04
Abdominal blunt trauma / Evisceration	Page 04
Penetrating injuries / Lightning injuries	Page 04
Injuries to eyes	Page 05
First and Second Degree Burns	Page 05
Third Degree Burns/Full Thickness Burns	Page 06
Trauma Arrest	Page 06
Cervical Spine Immobilization	Page 07
Surgical Airways	Page 08
Combative Patient/Chemical Restraint	Page 09 / 10
Crush injuries	Page 10
Introduction to restraints	Page 11
Rapid blood coagulation	Page 12
Handcuffs / Restraints / Stinger / Rubber Bullets	Page 13
Beanbag / Flashbangs / Concussion grenade	Page 13
Taser wounds / Pepper spray / Mace	Page 14
Pain management protocol	Page 15
EZ IO Intraosseous Infusion System	EZ IO 01-08
King LT emergency airway adjunct	King LT 01-02
<b>18. Pediatric Protocols</b>	
See Pediatric table of Contents	
<b>19a. Nerve Agent Exposure Protocol</b>	
Adult exposure to nerve agents	Page 01
Pediatric exposure to nerve agents	Page 02
<b>19b. CyanoKit Protocol</b>	
CyanoKit Protocol	Page 01
<b>20. Terms and Scales</b>	
Glasgow Coma Scale / AVPU	Page 02
APGAR	Page 03
Champion Trauma Scale	Page 04
Acceptable Medical Abbreviations	Page 05 / 06 / 07 / 08
Recommended EMS Drug Formulary	Page 09
<b>Supplemental Protocols</b>	
<b>21. Supplemental Physician onscene</b>	Page 01 / 02
<b>22. 12-Lead EKG Acquisition</b>	Page 01/02/03/04/05/06
