

# Ohio ASSIST

Madison Fire is proud to be hosting two educational opportunities with Mr. Steven M. Click, First Responder Liaison with the Ohio Assist program. Steve is retired from the Ohio State Patrol and now works with Ohio Assist, a program which is part of the Ohio Department of Mental Health and Addition services. The program is designed for Law Enforcement, Fire and EMS providers. The three-hour presentation will outline the Ohio Assist program and provide “food for thought” for our public servants, officers and leadership. All are welcome to attend.

The program is available on May 23, 2019 from 6-9pm and repeated on May 24, 2019 from 9-12pm. Both will be held at Madison Fire Station #3 located at 840 River St., Madison, Ohio 44057. If you are interested in attending please contact Nila Brass at 440-428-6531.

Light refreshments will be provided compliments of University Hospitals of Cleveland’s Emergency Medical Services Institute.
